Dear Robert,

I wanted to take the time to express my satisfaction with the work performed by your staff in wiring our new office. When we decided to move our main office I was concerned with the amount of work and preparation it would take to achieve our goals. From stage one you walked me through every detail to assure nothing would be over looked, and in the end nothing was. I really appreciate the extra effort you made to assure our wiring needs were met to completion so I could focus on my hardware and not infrastructure problems.

Thanks again, I will be sure to recommend TCS to any of my peers that are looking for a tier 1 cabling company!
