Total Cabling Solutions
Mr. Erik Leonhardt
15712 Southwest 41st Street
Suite 11
Davie, Florida 33331

Dear Mr. Leonhardt,

I wanted to take this time to thank you and your company for the excellent service you provide Humana. You have been our cabling vendor of choice for many years and always come through on projects regardless of size and scope.

Your organization was instrumental in the design and installation of the cabling infrastructure for our main facility located in Miramar, Florida. This was a large project, with over 1800 network and communication cables and fiber backbone, and your company proved to be the most qualified to handle the job. Your ability to attend weekly construction meetings and adjust working schedules to meet changing timelines was invaluable. When Humana shortened your completion date by several weeks you were quick to react with increased staff and multiple shifts and the end result was work that exceeded my expectations.

Your company has completed many projects for Humana, since the main facility, and the work has always been excellent. It is truly a pleasure to work with professionals who bring the same level of quality and service to each project regardless of size.

I am happy to have found a company that I trust and look forward to our continued relationship.

Sincerely,

Claudia Deery
Technology Manager
