Suite 11
Davie, FL 33331

Dear Robert:

Please accept my thanks for a job well done at our new location in Miami. You and your team worked around a very hectic schedule during the two weeks prior to our move and adjusted to several last-minute requests for additions to your project.

Your staff was professional, efficient and nice and worked well with the other trades. The completed job was accurate and extremely neat. Even our architect, who is difficult to impress, commented on the good-looking comm room.

I will be sure to call you the next time I have a job in Miami. Please feel free to show this letter to other potential customers.

Regards,

Steve Johnston
Telecommunications Manager
