Erik,

I wanted to send you a note to let you know what a pleasure it has been working with your company. Robert and Tony were exceptional at laying the ground work and putting up with my many change requests to eventually getting the project implemented.

Chris and Flavio worked very well with my staff at getting us what we needed for voice and data cabling. Behind the scenes I know Joffre worked very hard getting us drawings we could work with.

The whole team was very professional and easy to work with. With all I had to do to make our building move happen, it was nice to know I could count on TCS to be there for us and make this part of the move seamless.

You should be proud of the team you have. I look forward to working with you in the future when we have a need for cabling service.

Thank you,

Gary Bearhope
