Erik,

As mentioned on my phone call this morning; I want to thank your team for such a great job. I know this was a very last minute job and not too many companies can turn around an installation like this in such a short time. I personally would like to thank the lead installer, Ray Cyr, his professionalism and dedication to the job was outstanding. In all my years of experience in various parts of the country, I have never met someone with such special attention for details. Once again please thank the entire team on my behalf and be sure that if in the future I need another installation in the Florida area I will look upon TCS for assistance.

Thanks again,

Henry Figueroa
