Total Cabling Solutions, Inc.  
15712 SW 41<sup>st</sup> Street, Suite 11  
Davie, FL 33331

Dear Francisco,

Our company has been utilizing TCS for our computer networking as well as our cabling needs for several years. Their support has always been timely and resulted in a satisfactory solution. I have come to depend on the support of the TCS team. Their reliability and willingness to help me in any situation is extremely reassuring.

The TCS team has previously helped with the purchase, setup and roll out of new equipment, personal computers, servers, firewalls and everything in between. Francisco Reynoso has recently helped in the planning of our technology needs for the future. His time, knowledge and attention to detail are greatly appreciated. The proposals and ideas will help our IT Department continue to support our demanding staff needs. The Computer Network Support team from TCS is scheduled to start implementing our new hardware and software upgrades. I am looking forward to the new technology and working with the professional, familiar staff.

The proficient staff from the Voice and Data Department, (Paul & Chris) is always quick to respond to our ever changing voice and data cable needs.

I feel fortunate to have such a great relationship with the staff at TCS. I recommend TCS to any colleagues who are looking for any related support. Thanks for the ongoing support you provide the United Way of Broward County.

Sincerely,

Patty Archibald  
Network Administrator
